Parent Conferences

Clark Lane Middle School will be hosting parent-teacher conferences on Friday, November 10th throughout the day from 7:45 – 2:30 pm. This is not a school day for students.

These conferences are *one way in which you have the opportunity to meet your child's teachers and to learn about his/her progress to date.* Generally, conferences can be scheduled with any individual teacher with whom you would like to meet. In addition, **if you would like a conference with more than one teacher, a team conference (or partial team conference) is sometimes available on these days, time permitting.**

We are asking parents who would like a conference to please **email your conference request.** If you are interested in a short conference (approximately 10-15 minutes) with an individual teacher, please email that teacher directly to schedule a time. If you are interested in meeting with one or more of your child's teachers, please email your child's homeroom teacher indicating with whom you would like to meet. In your email, please identify a range of time that you are available.

Teachers can be emailed by using first initial + last name@waterfordschools.org (e.g. James Sachs: jsachs@waterfordschools.org). If you do not have access to email, you may call the school at 860-443-2837 to leave a message for the teacher with whom you would like to meet. *We hope to see you on November 10th!*

Drop off Procedures/Times

Parents may drop off students no sooner than 7:15am. Students wait in the cafeteria before proceeding to Homeroom.

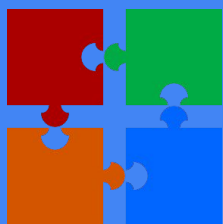

Students who arrive after 8 am MUST be signed in at the Main Office (in the back of the building) **by a parent/guardian.** Please accompany your student into the building.

Early Dismissal Procedure

We ask that you *make every attempt* to NOT dismiss your student after 2:15 pm, unless a note was given in the morning. It is a disruption to the end of the school day and traffic management.

November 2023

At the beginning of October, all students participated in PRIDE lessons here at Clark Lane. These lessons were to remind students of the behaviors and expectations we have for them in the different areas of our building like the hallways and bathrooms, and in various situations like on the school bus, for instance. The expectations at the top of this chart (in the gray box) represent those expectations which we at Clark Lane Middle School consider to be the non-negotiables and include: no cell phones, no hurtful or abusive language and no rough-housing or horseplay, to name a few.

For a more clear copy of our expectations, you may refer to the Clark Lane Student Handbook, which all students were given a copy of on the first day of school. Should you have questions, we encourage you to reach out to our Administration.

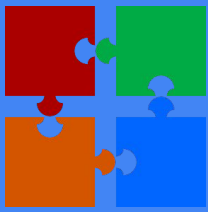

Expectations across all locations at CLMS; all staff will reinforce these expectations:

- Hoods down, hats/visors off - anything that covers your face
- Cell phones, smart watches, devices, headphones/ airpods - off and away, except for clearly-defined classroom use

- No hurtful or abusive language; no swearing
- No rough-housing/horseplay
- Lunch - Students should go to the cafeteria, unless they have a pass from a teacher.
- After homeroom, only water is allowed outside the cafeteria.

Individual classroom behavior expectations are located in each classroom.

	Homeroom	Bathroom	Cafeteria	Hallway	Bus	Assemblies/Field Trips	Evacuation Procedures

High School Options Presented to Eighth graders at CLMS

Waterford High School Principal Kirk Samuelson shares, "Waterford High School is a progressive, contemporary, public high school that offers each of its students a safe and rigorous secondary experience. Core and elective courses provide a full complement of academic experiences. Exceptional fine arts, music, and athletic programs are available to all of our students."

At Waterford High School the development of well - rounded young men and women who will be contributing members in our democratic society is our charge. Respect, compassion, and integrity are at the core of all we do."

On October 10, 2023, representatives from Ella T. Grasso Technical High School, Ledyard Agri-Science & Technology High School, Norwich Technical High School and Waterford High School came to Clark Lane Middle School to speak to our 8th grade students specifically about what their high schools have to offer.

New Leadership Elective Offered at Clark Lane

The special **Leadership** class is an elective class offered to 8th graders this year that helps develop students' leadership skills and abilities. Ms. Dinatali (who co-teaches the class with Ms. Barnes) reports, "Our hope is that these students can help create and execute a variety of initiatives to improve our school culture and climate." Some of the activities thus far have included: greeting students as they enter our building, sharing treats with teachers to show our appreciation, "tattooing" 6/7th graders with positive messages, showing our appreciation to our bus drivers with a muffin/cider cart and organizing activities for students on Halloween during the lunch waves. *Keep up the good work, leaders!*

In 7th grade, the school counseling lessons focus on **college and careers**. In September, **Mrs. Dolce** talked to students about potential careers based on the results of interest surveys they completed in **Naviance**. Naviance is a college and career readiness software that provides students with college planning and career assessment tools. During upcoming lessons, students will begin to gain awareness of their personal strengths and interests and try to align those to possible future career paths. In March 2024, 7th grade students will participate in **Career Day** at CLMS and will be able to listen to current professionals talk about their careers. Career Day date TBD. *Stay tuned for more information!*

especially for Clark Lane Middle School

Having trouble with your Chromebook?

Clark Lane Middle School students should ask the classroom teacher first to see if they can assist. Students who have a broken device will bring the device to the school library where they will be assigned a loaner device for the day. Staff will enter a ticket in **Incident IQ** for the broken device on behalf of the student. The **IT Department** will pick up broken devices at the end of the day and *assess any damages, apply any fees and make repairs*. Depending on the severity of the damage, students may be assigned a different device. Students will be called down to the library to pick up the replacement device as soon as possible.

Students are **REMINDED** to bring their devices to school every day, preferably **charged and ready to go!** There is a limited number of Chromebooks for students to borrow throughout the day on a *first come, first serve* basis.

Students who need to borrow a Chromebook should go to **library** after checking in at **homeroom!**

For information about **Waterford Public School's One-to-One Device Program**, click on the QR code here:

FREQUENTLY ASKED QUESTION:

Is there a fee to replace a lost charger?

YES! The Student Device Protection Program **does not cover** lost chargers, *so there is a fee*. With or without Device Protection, the current replacement cost is \$22. Replacement chargers must be supplied by the school system to ensure proper fit and correct wattage for the device. If your child loses a charger and needs to purchase a replacement, visit the Technology Store in MySchoolBucks to purchase one online. Once payment has processed, the charger will be delivered to your student's school. *Please allow for processing and delivery time.*

FYI: District-owned Chromebooks **must never** be taken to an outside computer service for any type of repairs or maintenance.

NOTE: Mrs. McKenna is available for tech support at CLMS on Tuesdays & Thursdays.

Attention Parents

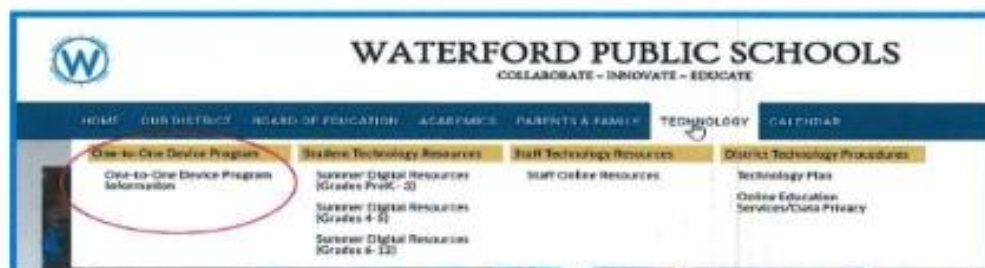

Parents and Guardians,

The Waterford Public School district is excited to announce its partnership with Securly in safeguarding our students, your children. Securly was chosen because we shared a vision of a safer, more productive digital world for our students. From web filtering to device management to self-harm detection, Securly is dedicated to keeping young minds healthy, engaged, and inspired. Additionally, we chose Securly for its strong adherence to data privacy and management laws.

Securly protects more than 10 million students across the US at school and at home, plus has over 2 million parents engaging in their child's activity on school devices. Now parents of students in grades 4-12 can get the same peace of mind when school devices come home. See your child's online activity during after-school hours, pause your child's device, and turn off online access.

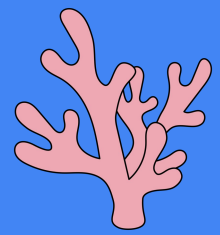

Through this partnership, the students of Waterford will be protected everywhere, on any school-issued device. You will be receiving a welcome email in the coming weeks that will provide you with instructions on how to download the app and connect with your child's online activity, so be on the lookout! Further information about **Securly Home** can be found on our WPS district website (Technology > One-to-One Device Program Information). There are resources there to help you become more familiar with Securly Home and how to use it.

Exciting News from our Coral Team teachers

On October 17th and October 27th, the Coral Team had a field trip to Avery Point in Groton, Connecticut. The trips involved discovering Long Island creatures in the critter bins and a squid dissection in the lab. Then, students completed the Introduction to Oceanography program onboard the boat, which is one of Avery Point's most popular and versatile offerings! Students literally *and figuratively* got their hands wet as they investigated the living and nonliving components of Long Island Sound, while participating in Avery Point's flagship Environmental Monitoring Program aboard the R/V Envirolab. The students studied the living organisms in the stern of the boat by hauling a trawl net, doing a plankton tow, and even sorting through a mud grab. In the bow of the boat, they learned how to use a wide range of oceanographic equipment as they investigated physical and chemical aspects of the estuary, including temperature, salinity, dissolved oxygen, turbidity, pH and CO₂. *Wow! Thank you for sharing, Mr. McNeil!*

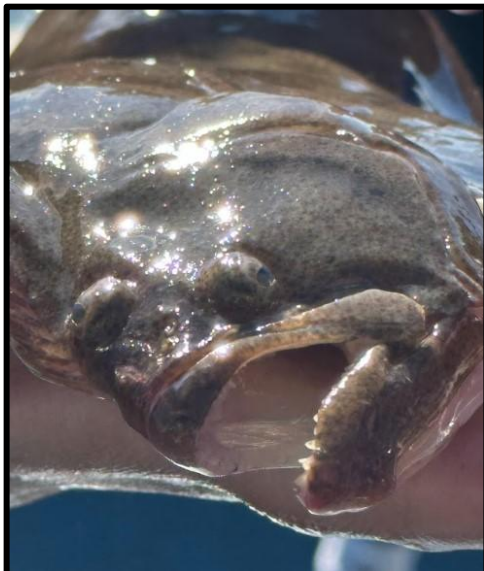

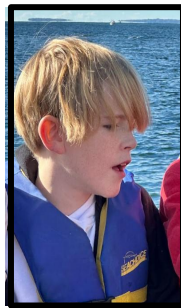

DID YOU KNOW...Project Oceanology provides more than 20,000 students and adults annually with opportunities to learn about the ocean through firsthand exploration and experiences? Nurturing interest and inspiring enthusiasm for science and for our planet's marine environment from our year-round waterfront facility in Groton, Connecticut, our vision is to be the center of excellence for inquiry, and place-based science and marine education serving the evolving needs of our global community.

Dans la classe de français

6th graders have just learned numbers, up to #31, so we can start our calendar unit this week, where they'll be learning days of the week and months of the year, as well as holidays celebrated in France! *This is always a fun unit!* They'll learn about *La Toussaint*, a holiday celebrated on Nov. 1st in France and *Saint Nicholas*, to name a few. They've also just completed reciting two tongue twisters in French! *Please ask them to share with you!*

7th graders are now in Unit 2, which focuses on verbs, as well as activities and sports. They have learned how to conjugate regular -er verbs, which will be our focus all year! *Ask them to sing you the -er verb song!*

8th graders have just learned the irregular verb *avoir*, as well as some useful expressions, and will be learning physical characteristic vocabulary over the next couple weeks. They should be able to describe how someone looks, including themselves! *Be on the lookout for a self portrait!*

A classe linguae latinae

6th graders are just completing a project for a story they read in class. They are now diving back into the text to create a comic strip slideshow for the events that took place, all in Latin! In the process they have learned about Pompeii, Herculaneum, and Mt. Vesuvius, and the importance of these towns for archaeologists today.

7th graders have just finished learning about subjects, direct objects and verbs, and the role they all play in sentences. They have also learned about the typical Roman house - the layout and uses and names for the various rooms. They will now begin discussing Roman meal-time norms and foods. They will be creating their own villas at home using the medium of their choice!

8th graders have completed learning about the perfect and imperfect tenses and their uses in Latin. They have learned about the beginnings of the Trojan War, and are now beginning our Iliad unit where students will read a modified version of the ancient story and learn about the various characters involved.

En la clase de español

6th graders have just finished learning the about Spanish speaking countries and are now learning numbers in Spanish. They will use the numbers to talk about how old people are and how many items there are. In our next unit they will numbers to talk about the calendar and birthdays.

7th graders are finishing up their first unit and are now ready to learn adjectives to describe people's personalities. It sounds simple but this involves a good understanding of the gender of Spanish nouns and agreement! We will explore a few famous people from Spanish speaking countries too.

8th graders have learned more details about the celebration Día de Muertos. They should be able to tell you how this celebration is not the same as Halloween!

We will then resume working with the verb 'SER' to describe things in the singular and plural forms. Eighth graders will learn new adjectives and will review agreement to describe nouns in Spanish.

The **STUDENT COUNCIL** is a group of students elected by their peers to address issues of concern and organize student events and activities. **Ms. Barnes** reports, "This year, so far they have drafted an outline of events for the year, have organized the Wall of Honor for Veterans Day, have drafted a spirit day schedule for December and are currently assisting Waterford Youth Services with their efforts to **Stuff the Bus**."

Co-Presidents – Logan Couture, 8th grade & Ivanka Hugo, 7th grade

Treasurer – Jack Bassett, 8th grade

Secretary – Ella Woznicki, 7th grade

Our next meeting will be **Wednesday, November 8th** to count donations!

After School Clubs @ Clark Lane Middle School November 2023

Baking Club Update

The first meeting of the CLMS Baking Club was held on October 23rd. Mrs. Loguidice reports that participants had a chance to become familiar with our kitchens and to prepare a festive fall treat...

Candy Corn Cookies.

Meetings will be held approximately twice a month so students should listen to the announcements for sign up information. Space is limited; sign up is on a first come first served basis.

Clark Lane's GSA Club meets every other Tuesday after school for the entire school year. Mr. Higgins and Mrs. Heller are co-advisors. The GSA Club members carved pumpkins after school on October 24th and will likely have their annual "Friendsgiving" feast in November. Stay tuned for more information on the morning announcements to participate!

DID YOU KNOW...

the hallways in Clark Lane (starting in the back of the school, which is near the Main Entrance) go: C, then L, then M and finally S, which is the hallway or wing that runs parallel to Clark Lane? For visitors and new students, it's nice to point out that the hallways spell C-L-M-S! Who knew??

This month's **STAFF** spotlight

Ms.
Shannon
PE teacher

This is Ms. Shannon's 6th year in WPS. Ms. Shannon loves skiing in the winter and being on the water (either on a jet ski or a boat) in the summer, coaching soccer in the fall and lacrosse in the spring, playing soccer, working out, cooking and spending time with her family and friends. She's traveled to around 16 states in the US, but has been to 11 different countries including ones in Europe, Africa, Asia and Oceania!

Wow!

She grew up in Waterford, CT, so that means she's a **Lancer** through and through!

CLMS Basket Bonanza

We are looking for people to join the Annual Basket Bonanza Planning Committee. The BASKET BONANZA is held in late March and brings in a significant portion of the CLMS PTO budget. It is always a great night with lots of support from the CLMS and Waterford communities. We need volunteers to help with donation solicitation, basket assembly, day of logistics and more. Please contact Jen Juliani at jlw0973@yahoo.com

CAN YOU HELP?

Our biggest need for help right now is assistance on Monday, November 20th to sort/distribute the Lyman Orchard Pie & Cookie Dough orders. There are slots beginning at 9am and running through 6pm to accommodate as many people/schedules as possible. If you are available to help, please visit the sign up genius link below.

Thank You!
